

NEXT-GEN RETAIL & WHOLESALE DESTINATION

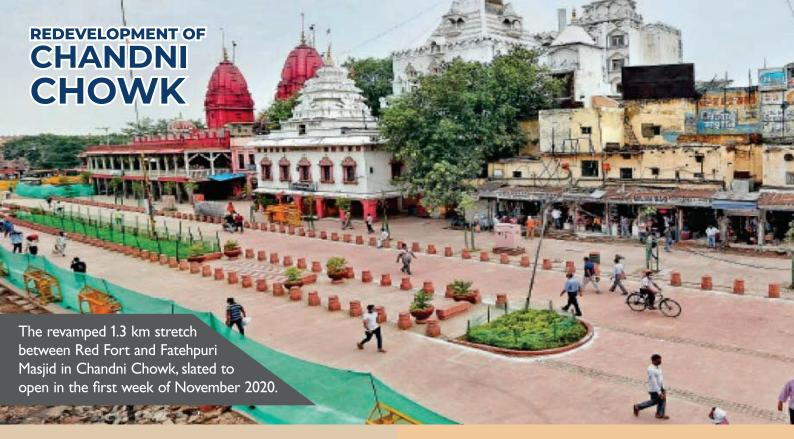

REDEVELOPMENT OF MULTI LEVEL PARKING WITH COMMERCIAL COMPLEX IN "PUBLIC PRIVATE PARTNERSHIP" MODE

**Shri Jai Prakash**Mayor,
North Delhi Municipal Corporation

The parking at Chandni Chowk is an important infrastructure project. Chandni Chowk is visited by traders and shoppers in large numbers and with the completion of this project, the beauty of Chandni Chowk will be enhanced and the experience of shopping and parking will be eased. I am sure other projects that are being developed in this jurisdiction will also take inspiration and expedite their construction and completion on time.

Shri Arvind Kejriwal
Chief Minister,
Delhi

The heart of Chandni Chowk or its main area is getting a complete makeover. It is a historical place. We will bring back the historical glory of this area by beautifying it in every way possible. This 1.5-km stretch will be a non-motorised vehicle (NMV) area from 9am to 9pm. We hope the place will be opened by the first week of November.

Shri Rohtas Goel
Chairman,
Omaxe Ltd.

Omaxe Chowk, the multi-level parking cum commercial project, being developed in PPP with North Delhi Municipal Corporation is a very prestigious project in Delhi. It will not just ease the traffic situation in this thriving trading hub but also add new facets of doing business and shopping in Chandni Chowk with new-age amenities and experience. We are committed to its early completion & are using advanced construction technologies including modular steel structure which will help in reducing the construction time.

## **CONSTRUCTION IN FULL SWING, JUL 2020**
